tomas.fiers@gmail.com

+32 478 13 43 26

Profile

Architectural skills and inquisitive mind • High signal-to-noise communication • Proven quantitative skills, particularly in machine learning and data analysis • Toolbox: applied mathematics, software engineering, and a broad background knowledge in tech & science

Experience

NERF – Researcher: signal processing for neuroscience

APRIL 2019 – PRESENT (LEUVEN)

Fluves – Business development intern

SEPTEMBER 2017 – DECEMBER 2017 (GHENT)

Byteflies – Signal processing intern ([read more](#))

JULY 2017 – SEPTEMBER 2017 (ANTWERP)

Arenberg Symphony Orchestra – President & section leader

2013 – 2016 (LEUVEN)

DataCamp – Software engineering intern ([read more](#))

JULY 2016 – SEPTEMBER 2016 (LEUVEN)

VVW & Sport Vlaanderen – Sailing instructor

2010 – 2012 (NIEUWPOORT, HEIST, HOFSTADE)

Education

KU Leuven – MSc, burgerlijk ingenieur – Biomedical engineering

2016 – 2018

Electives in artificial intelligence & machine learning, advanced statistical methods for data-analysis, neuroscience, commercial law, and IT security.

KU Leuven – BSc, Computer science & Electrical engineering

2012 – 2016
